

# Stockyard Supervisor

We are currently seeking an experienced Stockyard Supervisor to lead our team of livestock handlers at our modern export beef abattoir.

## About You

- Proven ability to maintain high-quality standards required for an export red meat plant.
- Strong leadership skills with the ability to manage a team while working independently with minimal supervision.
- Flexible to work rotating shifts, including early mornings, nights, weekends, and overtime as needed.

## Key Responsibilities

- Overseeing a 38-hour workweek with flexibility for additional hours.
- Supervising the movement of livestock from holding pens to the slaughter floor.
- Identifying and segregating sick livestock to ensure herd health.
- Ensuring all livestock handling adheres to company Animal Welfare Policies.
- Humanely euthanizing sick and injured livestock when necessary.
- Managing a rotating day and night roster for the team.

## Ideal Candidate Attributes

- Strong interest and experience in livestock handling and processing.
- Excellent livestock handling skills.
- Current firearm license or the ability to obtain one.
- Physical capability to perform all required duties.
- Ability to work both independently and as part of a team in a stockyard environment.
- Reliable, eager to learn, and strong communication skills with livestock managers and supervisors.
- Must have reliable personal transport.
