

Overseer

MANAGER: Warren Miller, Property Manager

LOCATION: Bylong (on-station), NSW

TERM: Full Time

Due to continued growth, an exciting new opportunity is available for an experienced Overseer to join our Seedstock operation at Bylong Station. If you are a passionate, dedicated and experienced Stockperson we encourage you to apply for this opportunity and come join team Hewitt.

Bylong serves as Hewitt's bull breeding hub, managing a stud and commercial seedstock herd of 4,500-5,000 head across 25,000 acres. We use 1,000 acres of irrigated land, alongside cropping, to support the growth and fattening of our bulls and steers. This includes doing all our own planting, spraying, and hay production.

In this role you will be a respected key player in our dynamic team of six. Your responsibilities will include ensuring that every aspect of our operations run smoothly.

ROLE SPECIFICS & RESPONSIBILITIES

What can you expect day-to-day?

- **Team Leadership:** Help guide and inspire a fantastic team, leading by example and fostering a positive, safe & productive work environment.
- **Cattle Breeding & Rearing:** Oversee all stages of cattle breeding, including AI, preg testing, and drafting for our Ultrablack & composite bull breeding program.
- **Stud Recording:** Maintain meticulous records using our computer systems, including Sapien, and manage the weighing and recording of calves.
- **Daily Operations:** Assist in the day-to-day running of our feeder and fattening operations, from irrigation to cropping and hay production.
