

## Junior Commodity Associate

### The Company

Our client is a very well-established commodity-based business that provides grain marketing and risk management strategies for industry, corporates, and trade counterparties. They operate across both domestic and global grain markets from farm gate through to end user.

### The Role

The Commodity Marketing Analyst is well suited to recent graduates that are looking for a career in grain and commodity trading and risk management. This is an graduate/entry level role with training provided for the successful candidate.

The position operates across the business working with cross function teams and is responsible for:

- Grain market analysis;
- Client engagement and relationship management;
- Grain contract management;
- Trade finance;
- Trade administration;
- Domestic logistics;
- Grain inventory administration.

### Skills & Experience

No prior agricultural experience is required however an appreciation for the Australian agricultural sector is essential. Tertiary qualifications in Agriculture or an affiliated commerce related degree will be highly regarded. Other key requirements include:

- High attention to detail;
- Excellent analytical and quantitative skills;
- Strong written and verbal communications skills;
- Ability to manage multiple tasks simultaneously;
- Passion to learn;
- Ability to work in a team environment.

The position will be part of the Sydney team and will be expected to commence between Nov 2024 – Jan 2025, subject to the successful candidate's availability.
